### PRODUCT PROFILE

**GENERIC DESCRIPTION** **Multi-Functional Cleaner (Concentrate)** - Sure-Tough ST 8016 is a highly concentrated multi-purpose cleaner concentrate that has a high sudsing action. Because this liquid is in a very concentrated form, never use full strength on glass, painted surfaces, fabric, upholstery, carpets, or other surfaces which may not be colorfast.

Unlike many industrial strength cleaners, ST 8016 is 100% biodegradable and environmentally safe. The versatility of this product is enhanced by complete water reducability to assure the capability to customize the cleaning strength to meet your specific needs. ST 8016 is a concentrated non-flammable detergent that dissolves a wide range of greases and oil based soils while leaving the area with a refreshing citrus scent. Terpene hydrocarbons, the major component of oranges, and naturally occurring, are used in this product. As a water reducable cleaner, the ability to work with and around most metals is assured by the addition of flash rust additives and inhibitors. This product is compatible with most industrial coatings including epoxies and urethanes.

**RECOMMENDED FOR** ST 8016 uses can encompass anything from floor cleaning to hot dip tank cleaning in the following industries:

AUTOMOTIVE SERVICE & TRUCKING FLEETS  
STEEL MILLS  
MANUFACTURERS  
FOUNDRIES  
METAL FABRICATORS

PRINTING PLANTS  
CONTRACT CLEANING FIRMS  
U.S. POST OFFICES  
WASTE CLEAN UP FIRMS  
MILITARY INSTALLATIONS

### DIRECTIONS FOR USE

For heavy duty cleaning and degreasing, we recommend 1 part ST 8016 to 4 parts water by volume. Deviations from this ratio can employ differing concentrations suited to the cleaning strength needed. For less soiled floors, dilute with more water and for heavily soiled floors, dilute with less water. Ratios varying from 1:1 to 50:1 (Water:ST 8016) can be used for cleaning.

### APPLICATION PROCEDURE

For cleaning- dilute ST 8016 to the desired strength and apply to the surface with a mopping action.. Allow the solution to remain on the floor for approximately five minutes. Remove the loosened grime and dirt by mopping and then rinse the floor with clean water. For walls
